

My name is Matthew Cornell, I am a teacher currently Working at WHSG.

For a long time I did not know what it was that I wanted to do for a living. I went from job to job picking up different skills and abilities. None of these stuck and I just couldn't find exactly what I wanted to do, until I stepped foot in a classroom again for the first time in 2015.

From the moment that I began teaching others how to develop their programming knowledge something clicked. I absolutely love programming and want to expand my knowledge as far as it will take me.

2016 - 17

## Westcliff High for Girls

January → Current

Working at WHSG in the Computer Science department, developing best practice and broadening knowledge.

2015 - 18

## Belfairs Academy
